

Product ID: Microfiber Terry Weave
Product Name: Terry Weave
Quantity: 50 per package

Description:

The super-durable terry-weave towel 14"x 14" is perfect for removing automotive wax cleaners, compounds and metal polishes. Leaves surface with a brilliant shine.

Wherever you need a quick cleaning tool, choose the super deluxe terry Weave Towel. You'll never use a regular towel again.

Parasol's super deluxe terry Microfiber is 100 times finer than human hair, and 10 times finer than silk. It consists of 80% microscopic polyester filaments for scrubbing and cleaning, and 20% polyamide (a nylon by-product), with a much heavier weave and weight than other microfibers, which creates a super quick absorbency enabling the cloth to clean and polish better and faster at the same time.

- Extra thick and super absorbent
- Removes dirt and grease from textured surfaces as leather, vinyl and rubber.
- Great for cleaning glass or furniture without cleaners or polishes
- Great for cleaning stereo equipment, computers or mirrors
- Will buff off grease, fingerprints dust and oil in 1 single swipe
- Best product for use in the shop or home
- Can be machine washed over 300 times
- Saves you time and money
